Brief History and Background for Institute Establishment:

During the early 20th century, education facilities were mainly available in big cities. Secondary level education was not available at tehsil and village level. Those interested have to move to the district headquarters for pursuing education. At these places the students faced difficulties in obtaining proper residential facilities. Understanding this difficulty the trustees of that time took a bold decision and started boarding for such students at Ahmednagar, a district place. This was established in the year 1918. The trustees started this boarding by making self-contributions. There was no help from government. Recognizing the noble activity the Late Rajashri Shahu Maharaj of Kolhapur started sending yearly grants, in the memory of the Maharshi Chouthe Chhatrapati Shivaji Maharaj who was killed in captivity at Ahmednagar. Slowly and steadily the boarding became popular with the masses of the district and the number of boarders increased appreciably. This success gave rise to the idea of starting a residential school. Thus the Society was registered under the Society Act 1860 vide Registration No. S/2894 of 1953/1954 and a Public Trust under Bombay Public Trust Act 1950 vide Registration No E-14 of 1953. Over the years the society engaged itself in the establishment of educational facilities in rural, hilly and far off and rural places in the Ahmednagar district.

In the year 2010 the Ahmednagar Jilha Maratha Vidya Prasark Samaj established “Shri Chhatrapati Shivaji Maharaj College of Engineering”, on non-profit basis, which approved by All India Council for Technical Education, New Delhi and Director of Technical Education (DTE) Government of Maharashtra. The institute is affiliated to Savitribai Phule Pune University which is one of the five star universities in India. Presently around 800 students are pursuing their graduation in various trades offered by the institute. Shri Chhatrapati Shivaji Maharaj College of Engineering (SCSMCOE) is one among the competent engineering colleges, established in 2011 and is situated near a land of Nepti village on Nagar –Kalyan Road. The institute offers Under Graduate courses in Civil Engineering, Computer Engineering, Electronics & Telecommunication, and Mechanical Engineering. The core strength of this institute is highly qualified, dedicated & experienced faculty, well equipped laboratories and state of art infrastructure.
